A little bit about what Auto Solo is in the UK, and how Ireland Motorsports can help you get started.

AutoSolo in the United Kingdom is a form of motorsport based around the principles of [autotesting](#), with the main differences being that the tests are run in a forward direction only and are usually slightly faster and more open than traditional autotests. Courses are usually larger than those for autotesting, and as the courses are laid out to run in one direction, it is common for more than one car to be on the course at the same time.

Autosolos are similar to the popular American motorsport of [autocross](#) also formerly known as Solo2. Solo2 is a registered service mark of the Sports Car Club of America (SCCA). SCCA now refers to this sport simply as "Solo". The generic term used in the US is "autocross".

Autosolos are governed by [Motorsport UK](#) and regulations for them are listed under 'Part M Autotests' of the 'Blue Book'.

HOW CAN WE HELP?

At Ireland Motorsports we are well placed to help support you in online applications, find a club that is local to you, and if you need a car to enter, you can hire our Ireland Motorsports Z3 (Vinnie).

For further information please email us @
info@irelandmotorsports.org.uk

Make sure that you give your full name, contact details (to include an email address), your age, licence status, and or anything else about your own motorsport experiences. To be eligible for hiring "Vinnie", you will have to complete an application form. Further details, including costs will then be released.

We look forward to hearing from you.
